

CAMP SHERMAN BATTERIES ON A LONG MARCH

Prepared For Action Just
As Though On Fight-
ing Front

SEARCH FOR CONTRABAND
PAPERS AND MAGAZINES

Were Mailed In All Parts
of U. S. and South
America

(ASSOCIATED PRESS TELEGRAM)
Camp Sherman, Chillicothe, Ohio, May 23.—Military authorities here are on the outlook for several hundred newspapers and other publications which have been banned from the mails. Barracks, camp libraries and Y. M. C. A. and the Knights of Columbus halls will be searched if necessary to make certain that none of the seditious matter is here.

The publications are from all parts of the United States and from Central and South America. Orders have been received from the war department concerning the papers and magazines which are declared contraband.

Batteries D and E, 323rd Light Field Artillery, will start tomorrow on an extended march which will cover three days and will take the selectives over several counties in this region. Two full batteries of American 3-inch guns will be taken along, as well as field ambulances in charge of a medical officer, and a rolling kitchen where food for the men will be prepared.

The battalion will be prepared for action just as though it were on the fighting front. It will be ready for a moment's notice to assume a position and prepare to attack or repel imaginary Germans. No ammunition will be fired however.

Maneuvers will be attempted by the organizations. Practical problems involving modern warfare will be worked out by the selectives before they return to camp.

Preparations are going forward today for the big celebration of Memorial day which is to be held here (Continued on Page 2, Col. 3.)

\$160,000 IS SUBSCRIBED BY CITY IN DRIVE

The figures in the war chest campaign continue to crawl up, and up to noon today it was estimated that \$160,000 had been subscribed in the city.

A number of districts in the county have not been heard from; but from the reports which have been made to headquarters it is estimated that about \$83,000 has been secured in the county districts. Newark's quota is \$180,000.

WOULD INSPECT PAPERS LORD MAYOR IS TO BRING HERE

(ASSOCIATED PRESS TELEGRAM)
Dublin, Wednesday, May 22.—At the anti-conscription conference at Mansion house today a letter was read from A. J. Balfour the British foreign secretary to the lord mayor of Dublin, declaring that passports would be granted to the lord mayor only if he agreed to submit to the Irish government all documents he intended to carry to America on his proposed trip. It was announced that the lord mayor had replied that the only document he intended to carry was one direct to President Wilson from the Mansion house conference, and that he would decline to submit this to the lord lieutenant of Ireland.

The matter was considered in a two hour sitting, after which the conference adjourned until tomorrow.

The lord mayor's departure is now delayed further and he will not leave until all, before the end of next week.

COL. HODGES IS GIVEN BRITISH SERVICE ORDER

American Headquarters on the British Front, Wednesday, May 22.—Colonel J. N. Hodges of the American engineer corps, has been awarded the British distinguished service order in recognition of his services during the period from March 27 to April 3.

Wounded Canadian Soldiers Aiding War Chest Drive.

CAPT. ANDREW ROBINSON, BROTHER OF NEWARK WOMAN, IN HUN PRISON CAMP

What does it mean to you to know that your boy at the front is being well cared for? What is it worth to you to know that if he is wounded or captured he will receive the proper care and that you will hear as to his condition and, if he is in a German prison camp, you will be sent his permanent address?

The Red Cross is keeping relatives in touch with the soldiers at the front. There have been a number of instances where Newark people have been anxious concerning relatives at the front and the information has come to them through the Red Cross.

The following letter telling of the capture of Captain Andrew Robinson, brother of Mrs. C. Harrington Davis of Newark, was received, after a previous report listed him among those killed in action:

The American Red Cross National Headquarters, Washington, D. C., May 4, 1918.

We have received a notification that your brother, Captain Andrew Robinson, Medical Officers' Reserve, 12th Irish Rifles, has been taken prisoner. I want to reassure you in every way that I can as to the care that he will receive. He has not yet been assigned to a permanent camp. When he is you can write to him directly. Meanwhile, we will gladly forward letters for you. Write upon one side of the paper only and but two sheets.

You may send money also, but it is not necessary to send food, as the Red Cross agency has already been notified and there is sent to the prisoners each week two ten-pound packages of carefully selected food. This will keep him well supplied irrespective of the German rations. He also will receive from them a full suit of clothing and in the package they send soap, tobacco and other things of that kind to make him comfortable as well as keeping him in good condition. Prisoners sign a receipt for the package and this card is returned to the Red Cross to show that they have been delivered.

Prison conditions are much better than in the beginning of the war and I think you need no longer worry about him, as he will be looked after by the Red Cross. We have his name in our card files and will naturally send you all information concerning him that we receive, especially as to the permanent camp.

The American Red Cross will be glad to assist you in every possible way at any time.

Sincerely yours,
W. R. CASTLE,
Jr. Director.

Captain Robinson went to the front early in the war when England called for American physicians. He was one of two hundred who were sent out by the government when the United States first went into the war.

BRITISH IN A BIG ARTILLERY FIRE NEAR LENS

(ASSOCIATED PRESS TELEGRAM)
London, May 23.—Heavy artillery fighting in the Ancre valley south-east of Lens and in the Flanders salient is reported in today's official statement.

The statement follows:
"The enemy rushed one of our posts in the Aveluy wood sector last night. Two of our men are missing. We carried out successful raids in the neighborhood of Alette and Lux St. Marc wood, inflicting a number of casualties on the enemy and capturing machine guns."

"The enemy also attempted to raid our positions in the vicinity of Riez-d-Vinage. He was driven off by rifle and machine gun fire."

"The hostile artillery was active last night in the Ancre valley south of Lens, east of Robecq and east of the forest of Nieppe."

WILL CALL OUT SHIP BUILDERS

(ASSOCIATED PRESS TELEGRAM)
Vancouver, B. C., May 23.—By unanimous vote the Metal Trades Council decided last night to call out 10,000 ship yard workers in British Columbia at 5 o'clock this afternoon. The call for a strike, it is said, is an effort to force the Imperial Munitions Board and independent ship builders to pay a scale of wages equal to that paid in the United States for similar work and for a 44 hour week.

CASUALTIES TO DATE

(ASSOCIATED PRESS TELEGRAM)
Cleveland, May 23.—The Cleveland News today prints the following American casualty list.

The first column denotes casualties reported previously; the second column is today's list, and the last is totals:

Killed in action.....	516	14	530
Killed or prisoner.....	76	—	76
Killed by accident.....	254	—	254
Died of disease.....	1072	11	1083
Died at sea.....	268	—	268
Died of gas poisoning.....	1	—	1
Died of "other causes".....	48	—	48
Died of unknown cause.....	20	—	20
Died of wounds.....	191	12	203
Totals.....	2436	37	2473
Wounded.....	3504	48	3552
Captured.....	54	—	54
Missing.....	266	1	267
Grand total.....	6270	86	6356

COMMANDER AND MEN WHO TORPEDO BOAT PRISONERS

(ASSOCIATED PRESS TELEGRAM)
Washington, May 23.—Definite announcement that Commander Pellegrini and his men who torpedoed an Austrian battleship in the harbor of Pola May 14 were taken prisoners, was contained in a cable dispatch to the Italian embassy today from Rome.

ASK BIG SUMS FOR ORDNANCE

(ASSOCIATED PRESS TELEGRAM)
Washington, May 23.—Additional estimates of \$1,500,000 for ordnance, ordnance stores and ordnance supplies during the next fiscal year were submitted to the house today by Secretary Baker together with a request for authorization of \$7,118,542,466 more to be spent at the war department's discretion for ordnance.

HAVE ISSUED NEW WORK OR FIGHT ORDER

Requires Every Man of
Draft Age to Work or
Fight After July 1

IDLERS AND MEN ENGAGED
IN NON-USEFUL OCCUPATIONS

To Be Haled Before Boards
and Given Choice of a
New Job or Army

(ASSOCIATED PRESS TELEGRAM)
Washington, May 23.—Provost Marshal General Crowder's new "work-or-fight" regulations may require professional baseball players to engage in some useful occupation or to join the army.

Every man of draft age must work or fight after July 1 under a drastic amendment to the selective service regulations announced today by Provost Marshal General Crowder.

Not only idlers but all draft registrants engaged in what are held to be non-useful occupations are to be haled before local boards and given the choice of a new job or the army. Gamblers, race-track and bucket-shop attendants and fortune-tellers head the list, but those who will be reached by the new regulation also include waiters and bartenders, theater ushers and attendants, passenger elevator operators and other attendants of clubs, hotels, stores, etc., domestics and clerks in stores.

Deferred classification granted on account of dependents will be disregarded entirely in applying the rule. A man may be at the bottom of class one, or even in class four, but if he falls within the regulation and refuses to take useful employment he will be given a new number in class one that will send him into the military service forthwith. Local boards are authorized to use discretion only where they find that enforced change of employment would result in disproportionate hardship upon his dependents.

It has been known for some time that some form of "work-or-fight" plan had been submitted to President Wilson but there had been no intimation that it was so far-reaching in scope. Both the military authorities and department of labor officials believe that it will go a long way toward solving the labor problem for farmers, shipbuilders and munition-makers, and will end for the present, at least, talk of conscription of labor.

The announcement today gives notice significantly that the list of non-useful occupations will be extended from time to time as necessity requires.

Baseball players, as well as jockeys, professional golfers and other professional sportsmen, General Crowder said today, will be affected by the regulations if strictly enforced. General Crowder said he did not desire to make specific rulings at this time and would make rulings only when cases come to him from local boards after July 1.

Theatrical performers were excepted from the regulations at the direction of Secretary of War Baker, who is said to feel that the people cannot do without all amusement in war time and that other amusements could be dispensed with more readily.

"The new regulations will also affect the following classes:
(a)—Persons engaged in the serving of food and drink, or either, in public places including hotels and social clubs.

(b)—Passenger elevator operators and attendants, doormen, footmen (Continued on Page 2, Col. 1.)

INVESTIGATION OF HUN PLOT IN CABINET

(ASSOCIATED PRESS TELEGRAM)
London, May 23.—Evidence concerning the German plot in Ireland will be submitted to the British cabinet today by Edward Shortt, chief secretary for Ireland, a Press Association dispatch from Dublin reports. If it is thought that any part of the evidence could or should be published, compatible with the public interests it will be done, says the dispatch which added:

"It can be stated on the best authority that justification for the arrests exists in the shape of astounding evidence, but publication of the same is a question affecting not merely the welfare of the prisoners but the well being of the empire."

In a dispatch to the Times from Dublin it is suggested that the delay in publishing the evidence of the German plot is due to the discovery of new evidence since the arrests.

RECORDS HEAVY QUAKE

(ASSOCIATED PRESS TELEGRAM)
Washington, May 23.—A heavy earthquake occurred this morning centered at a point not yet determined. The shocks were just dying down at 8:45 a. m. and the seismograph records have been removed from the machines definite data will not be available.

Hundreds of Patients, Nurses And Others Slain in Red Cross Hospitals by German Bombs

HE'S PERSHING'S
FAITHFUL ORDERLY

Sergeant Frank Lanckton.

Sergeant Frank Lanckton, orderly of Gen. John J. Pershing for the past ten years, recently sailed for France after having been temporarily detached from his chief to accompany Secretary Baker back to America. He was the constant attendant of the secretary of war throughout his tour abroad. The days he spent in Washington after Secretary Baker returned were restless ones, for he was anxious to get back to his chief. His devotion to Pershing after having been with him in the Philippines, the Dutch East Indies, Japan, Mexico and Europe disproves the adage that "no man is a hero to his valet."

Lanckton is a native of Cleveland. He says Paris is much more cheerful about the outcome of the war than Washington.

HUNS DIRECT EXECUTION OF 1752 PERSONS

(ASSOCIATED PRESS TELEGRAM)
London, May 23.—Under the White Guard and German regime in Finland 1752 persons were executed up to May 1, according to a Finnish Socialist who escaped to Sweden and whose interview with the Folkeets Dagblad is transmitted from Copenhagen by the Exchange Telegraph Co. Owing to the exile 516 were executed in Tammerfors, 148 in Turku, 380 in Varkomi and 330 in Vasa. Prisoners taken by the German and Finnish government forces, he says, were treated so badly that many were starved to death.

ARTILLERY FIRE FALLS OFF BUT AIRSHIPS BUSY

With the American Army in France, May 22.—A falling off in artillery firing on the American sector is reported in the official statement issued at American headquarters at nine o'clock tonight. The statement reads:

"The artillery activity has decreased. There are no new developments to report."

There was great aerial activity northwest of Toul today. American aviators participated in more than a half dozen combats but up to an early hour tonight they had not been able to bring down an enemy machine.

One American aviator engaged three different Boche machines, one after the other, within 20 minutes.

Two other American pilots fought for half an hour with two German machines at an altitude of 5500 metres but failed to get telling shots.

LABOR PROGRAM WAS SPOILED BY HEAVY DOWNPOUR

A heavy rain and electrical storm which broke over the city last night at 7 o'clock, served to spoil the arrangements of the labor organization for a big celebration in co-operation with the war chest campaign. A number of speakers had arranged a program, and the Buckeye band and singers had been engaged. After the storm had passed and the rain was not so heavy, the buckeye band gave a concert on the south steps of the court house park.

NUMBER SISTERS ADMINISTERING TO WOUNDED ALSO KILLED WHILE STANDING BRAVELY BY THEIR POSTS THROUGHOUT THE DELUGE OF HIGH EXPLOSIVES

HORROR PERPETRATED SUNDAY NIGHT BY FOUR SQUADRONS WITH OVER SCORE OF MACHINES

Not a Woman Deserted Her Ward During the Terrible Bombing But Went Bravely About Quieting Unfortunate Men, Nearly All of Whom Were Suffering With Compound Fractures—Captain of Captured German Plane Who Was Made Prisoner Claims He Did Not See the Red Cross Signs

(ASSOCIATED PRESS TELEGRAM)
With the British Army in France, May 23.—German airmen have bombed heavily British hospitals in the area behind the lines and this time have killed and wounded some hundreds among the personnel and patients of many different hospitals in the group.

Recorded in the casualty list are the names of several sisters, who with other women nurses stood bravely by their posts throughout a terrific deluge of explosives. There is in the neighborhood one large hospital and another in which there are American workers but neither of these appear to have suffered. Last summer a number of American doctors and nurses were killed and wounded when these same hospitals were raided by the Germans.

This later horror was perpetrated Sunday night apparently by four squadrons of enemy planes which appear to have comprised more than a score of machines. A great number of bombs were dropped about thirty per cent of them huge affairs which dug vast craters in the hospital grounds, and the rest, high explosive shrapnel, which sent their death dealing bullets tearing in every direction through the crowded hospital tents and buildings.

A three seated airplane was brought down by gun fire while flying at a low altitude and the occupants were made prisoners. The enemy captain and the pilot sustained comparatively light shrapnel wounds, while the observer was not hurt. When questioned why he had directed his men against hospitals the captain explained in a matter of fact way that he did not see the Red Cross signs. He said he was seeking military objectives and had no desire to molest hospitals.

Several more sisters were among the wounded. Many other workers were wounded, including several medical officers.

(Compiled from A. P. Dispatches.)
German frightfulness again has been vented upon patients and workers in British hospitals behind the battle line on northern France.

Some hundreds of patients and members of the hospital staffs were killed and wounded Sunday night by bombs dropped by German airmen. Although one large American hospital was near the bombed area, it escaped damage.

The captured captain of an enemy plane (Continued on Page 2, Col. 3.)

REPORT SERIOUS FIGHTING AT KIEV

(ASSOCIATED PRESS TELEGRAM)
Moscow, Sunday, May 12.—Serious fighting in Kiev, capital of Ukraine, is reported. The residence of the newly-appointed Ukrainian dictator, General Skoropadsky, has been besieged several times by troops which remained faithful to the rada. All the forces at the disposal of the rada are being mobilized and concentrated near Kiev.

AVIATRIX ON WAY TO NEW YORK FROM THE "WINDY CITY"

(ASSOCIATED PRESS TELEGRAM)
Chicago, May 23.—Miss Katherine Stinson, the aviatrix, started a flight from Chicago to New York with mail at 7:37 o'clock this morning.

Miss Stinson made no announcement of her intention to start. The flight was to have taken place a week ago but after she had been sworn in as a postal clerk, it developed that permission of the war department was required. This was at hand today.

The morning was perfect for the trial. Miss Stinson rose from Grant park almost unobserved and disappeared over the shimmering waters of Lake Michigan. She hoped, she said, that her supply of gasoline would hold out and that she would not have to descend before reaching New York.

WALKING DEAD MEN.

(ASSOCIATED PRESS TELEGRAM)
Petrograd of the first contingent of 1500 Russian prisoners to be exchanged under the recent Russo-German agreement was reported to the state department today. The men, the dispatch said, were "veritable walking dead men."

MAY HOLD CONGRESS IN SESSION AFTER CLOSE ON JULY 4

(ASSOCIATED PRESS TELEGRAM)
Washington, May 23.—President Wilson confers with congressional leaders today on the necessity of holding congress in session after July 1 to pass new war revenue legislation. The plan suggested and strongly advocated by Secretary McAdoo is opposed by congressmen who favor postponing action until next December and the procedure to be followed probably will be determined by the president's decision to be made after today's conference. The president yesterday went over the financial situation with Secretary McAdoo and is expected to consult the secretary again before reaching a decision on whether the administration shall declare the legislation essential immediate to the preservation of a healthy condition in the nation's finance.

GERMAN AIRMEN VISIT PARIS AND BOMB SUBURBS

Paris, May 23.—German aviators made another attack on Paris last night and this time succeeded in reaching the city. Bombs were dropped at various places, an official statement reports.

The casualties so far as reported are one dead and 12 injured.

"The German airplanes taking part in the raid numbered about 30. They were met by a powerful barrage fire from our artillery posts acting in conjunction without defense squadrons. 34 of our machines reached the capital where they threw down some bombs. One killed and 12 injured persons have been reported."

"A number of bombs were thrown on the suburbs, causing some victims."

BAD FOR SLACKERS.

Washington, May 23.—Slackers who leave the country to escape the draft will be prosecuted under the selective service act on their return. Attorney General Gregory announced today.

THE WAR CHEST.

The people look forward with confidence to the final figures of the present war chest drive. We simply must have the amount needed and we shall get it.

While Licking county, like others in Ohio and elsewhere, is raising in one campaign a fund for the ensuing year's war needs, the people of the entire county are now responding to the Red Cross appeal. Our share of the Red Cross subscription will come out of the war chest to which the people are now contributing.

The American people never yet failed to do a thorough job of anything that they ever took hold of. They took a rough wilderness and turned it into a garden. They took the fever-stricken swamps of Panama, turned them into a health resort, and dug a ditch that conquered engineering difficulties previously considered unsurmountable.

It will be the same with this war. We will clean up this dirty business in every part. And the thing to do right now is to put over the war chest drive with a bang. It will be folly to send over our boys, many thousands of whom will suffer dangerous wounds, without the best science to care for them. We must not allow them to die of their wounds. We must pick them up, give them the best medical and surgical skill, provide the most competent nursing, and the best and latest hospital equipment. That takes an enormous sum of money and we must have it.

This cause should come very close to our heart. It means our own individual happiness, our success as a nation, our prosperity as a community. The Red Cross is a vital part of the war-work. No army can fight a successful war unless it cares for its wounded efficiently. There are too many wounded.

None of us can afford to be niggardly in this cause. Let the man who usually gives a dollar to a charity now hand over ten. Let the man who gives ten contribute fifty. It won't hurt either of them. Some extravagance can be cut out to balance. Only in this way can we save the beloved boys who are risking their lives for our welfare. Let everyone give to the limit, and then some!

NEWSPAPER SUCCESS.

Many suggestions as to how a man can achieve success in the newspaper business are found in the career of the late James Gordon Bennett, whose death has been followed by interesting reminiscences of his journalistic methods. Perhaps the most telling incident relates to the occasion when a copy-boy was in such a hurry that he ran into the pit of Mr. Bennett's stomach. Mr. Bennett was so pleased at the energy and speed the boy was showing that he rewarded him with a gift of several dollars.

There is a lot of suggestion in that incident. Most men who have won out in the newspaper game, have manifested the same energy and absorption that that copy-boy displayed. There is a great deal of hard work in the newspaper game. There is an incessant pursuit of an infinity of small details. No man who is not capable of untiring effort is any use in the newspaper field.

Although Mr. Bennett made his home in Paris, yet he kept his newspaper at a high standard of achievement and he did it by the closest

scrutiny of every bit of matter it published from day to day.

Many newspaper men have the idea that any old kind of writing is good enough for a newspaper. They use wretched grammar, they write in a rambling and disconnected manner, with no attempt at force or style. Newspaper writing is done in a hurry, so that a certain amount of unfinished work is inevitable. But no good newspaper writers ever regret the time he takes to cut out useless verbiage, to put color and life and quality into his words. The public may not quite be able to define the difference. But it instinctively recognizes good writing when it sees it, and values the man who can produce it.

It is denied by the idle rich that they aren't working as they have to cut off coupons, they will hunt a lost golf ball three-quarters of an hour in a swamp, and they are more than busy trying to decide what automobiles to buy.

It is amazing how hard a 5 per cent raise in railroad rates came when the public had to pay for it at the ticket office, and how easy a 40 per cent raise will come when people only have to pay for it in taxes!

Not more than one in a hundred of our free-born independent Americans dares come down town on a warm day wearing a straw hat, until straw-hat day has been formally celebrated.

When a girl appeals for our admiration this fall on her coat of tan, she has got to prove she gets it in the garden rather than sitting out on the beach in her bathing suit.

The newspapers with pro-German leanings still being published in this country, are likely to find it hard to show they have circulation enough so advertising space is valuable.

If we are going to put 3,000,000 soldiers on the French front, a lot of men and women have got to do some work more productive than they are now engaged in.

Remember how good potatoes used to taste when you came in as a boy and had them for luncheon? Eat two today for dinner, and play you are young again!

There is one way in which young women of a certain type can do a lot to help win the war, and that is to keep at a safe distance from the army cantonments.

After thanking the Almighty for his help, Kaiser Bill goes out and proceeds to steal a few more thousand miles of territory.

Buy goods of the enterprising people that advertise in The Advocate and have some change left to put into Thrift stamps!

Another use that can be made of the present supply of beefsteak is to take it for indestructible fortification material.

The big city hotels are co-operating with the gardening movement by opening cabaret roof gardens.

WHAT THE FIGURES MEAN.

(Detroit Free Press.)
We have become so stupid and numbed by the use of almost unlimited figures in this war, that the average man or woman no longer is able to visualize in any sense what is taking place on the other side of the Atlantic. We have read of the enormous concentrations of soldiers the Germans have been making in France and Flanders from the Oise river to the North sea, without any realization of what they mean in comparison with concentrations in other offensives.

The latest figures from the French front claim that there are now an average of six German soldiers to each yard of front between the North sea at Neuport and the Oise river at La Fere. How do these figures compare with those of last October?

At that time the British push along Passchendaele ridge towards Roulers was in progress and naturally the Germans had their greatest strength in the north. But at the most threatened point—east of Ypres—they did not average more than four men to the yard. In Artois, from Arras to the Somme, there were only an average of three and a half men, and from the Somme to St. Quentin, where they were protected by the devastated area left by the retreat to the new Hindenburg line, there was less than one man to the yard.

Along the Aisne, as far as Rheims, where the French were threatening, there were two Germans to the yard and practically the same strength as far as Verdun and beyond. In the Woivre a man to the yard was considered sufficient, while in Lorraine there were only two men to every five yards.

Thus the average German strength along the French front from Alsace to St. Quentin was just a little more than one man to the yard, or 1900 rifles to the mile. Along the British front it was slightly more, and two and a half men to the yard, or 4500 rifles to the mile. The present concentration of six men to the yard means more than 10,000 rifles to the mile on an average and an uneven distribution that brings a vastly greater number than that against certain supposedly valuable sectors.

I know a lady, a member of the church, and a very good sort of woman, considering the subject condition of that class, who says that the weeds work on her to that extent that, in going through her garden, she has the greatest difficulty in keeping the ten commandments in anything like an unfractured condition.—Charles Dudley Warner.

That German Nation!
My fine war garden which, I vow, I planted with station,
I now discover has become
A base of germination.

Wherefore Art Thou!
Aunt Caline says—Iva Hurt has just come into a lot of munny threw havin' her unkle git his hed cut off in a rale rode axident. So Iva she's jest simple a-havin' the time of her life a-bring all the things she's wanted fer a matter o' forty year. She's jest rejuvinated the ole house an' made it reel palatable. She carted all the ole furniture, which was her gran'ma's up in barn loff an' put in offle stylish

stuffed cheers o' green. An' she bilt her a upstairs balcony with a ralin' around it. Last nite she come over to the church supper a-warin' a knew dress jest fit to kill. Mr. Talker he walks up to her an' says he, "I was a-walkin' past your place today, Miss Iva," he says, "an' I jest had to stop an' admire it," he says, "An' I admire most of all that little balcony o' yours," he says, "You have the balcony," he says, "now all you knead is a Romeo," he says, "Yes," says Iva, "an' I'm a-going to git me one," she says, "You mean one o' them pretty flowered awnings, don't you?" she says.

Did You Know
That vermillion, or artificial cinnamon, is a bisulphide of mercury? It

WHY SENATORS ARE CRANKY.

(Philadelphia Record.)
To observers of congressional tactics it has been a source of wonderment to note that almost all the critics of the administration are massed in the senate, and that there are practically none in the house of representatives. The Republicans and Democrats are about equal in numbers in the latter body, and its members are certainly no less patriotic than those of the senate. It has a committee on military affairs, just as the senate has, but these committees show no meddlesome disposition to pry into military secrets and to publish important information for the benefit of Germany. The Republican leaders, notably Messrs. Mann and Cannon, have deprecated political criticism of the government and have urged their followers to stand by the President. Among the 435 members there are practically only two knackers, the colonel's son-in-law and a Massachusetts member.

It has remained for the New York World to point out why the house is patriotic and discreetly silent, while the senate, or at least a part of it, is noisy, fault-finding and intolerant. The whole membership of the house is to be re-elected this fall. Congressmen now in office must submit their candidacies to the people, and if any member has been strongly antagonistic to the government during a great war he must explain such conduct. Now, congressmen know that the people are with the President and that they do not approve of an opposition on purely partisan or personal grounds. They want the house to reflect popular opinion, which strongly approves the manner in which President Wilson has handled the war. So congressmen having some regard to their political future attend strictly to business and refuse to be drawn into such behavior as the senate indulges in. The house committee on military affairs took up the question of aircraft production and dropped it on finding that there was no evidence of corruption. It was at least as well posted as the senators, who took a very different tack.

Why does a small minority of senators act so unpatriotically? Simply because they will not have to give an account of their stewardship to the people for several years. Senators Hitchcock, Reed, McKellar, Lodge and McCumber, among these truculent critics, hold office until 1923. Chamberlain, Hoke Smith, Sherman and Wadsworth are in until 1921. Not a single senator is up for reelection this year. For a short time Senator Weeks, of Massachusetts, was given to fault-finding and back-biting, but he dropped that role when he decided to be a candidate before the people this fall. These very critical senators feel that they are immune from punishment by their constituents, and so they give free rein to their cantankerousness. By the time they will come up for re-election they hope that their lack of patriotism will be forgotten. Possibly they may be mistaken in this view.

MOTORLESS SUNDAYS.
(Ohio State Journal.)
The plan is being considered at Washington to have motorless Sundays, beginning in June and lasting seven weeks. The purpose is purely economic—to save the gasoline for mechanical and manufacturing use and likewise to save the transportation, which has become a serious problem. The Washington dispatch says:

Since autos are used on Sundays chiefly for pleasure riding, the plan being considered is to issue orders backed by a proclamation of the president that the use of gasoline automobiles shall cease on Sunday for seven weeks, with the exception

is formed by mixing 100 parts of the metal with 16 parts of sulphur and subliming them in properly constructed retorts. The result is a heavy dull red cake an inch or so in thickness of needle-shaped crystalline texture and exactly resembling in these respects the native cinnabar. When, however, it is finely powdered it acquires the bright red color so well known in this pigment.

A Punctured Career.
I know a stew who's surely bound
To lose his good position;
He's really found
In a lost condition!

An architect I know's not rich,
Nor does he A all;
He will not plan a building whicl
Is shal.

Garden Enemies.
This is the time of year when the habits of the next door neighbor's dog, cat, chickens or perchance cow, begin to be of keen interest. One dog whose early education has been neglected can undo in five minutes the work of weeks in a war garden. The wrong cat can do almost as much. Chickens can do more, and the imagination hesitates at the power for evil of a cow.—Indianapolis News.

Aw, Gwan!
There was an old man in Yazoo,
Whose nose had a brilliant red hue.
When he looked at his beak
He would thankfully squeak:
"Well, I'm glad that the thing isn't blue!"
—Luke McLuke.

His glee was of very short life.
It expired at the sight of his wife;
And when she got through
He himself was quite blue.
For she sure had a tongue like a knife.

Cluck, Cluck, Cluck!
I asked our old hen, in a voice rather
Cuddled she lay a carpet quite cussless
You know,
And I wonder, why sure I could do
that, ho, ho,
Because I would tack-le it eg-
actly so!
—J. G.

of those whose use is essential to the public welfare such as ice trucks, milk trucks and delivery trucks generally. Leading business men have registered their approval of the suggestion.

The moral or life-saving considerations are not embraced in this purpose, though they would be pertinent elements in the social situation. The movement among religious bodies in favor of preserving the Sabbath will no doubt make good use of this proposed policy. As most of the motor accidents occur on Sunday, that, too would be an important fact in the case. If the law against speeding was enforced that objection might be weakened or removed.

THE NEW REGISTRATION.

(Cleveland Plain Dealer.)
The president has signed the measure calling for the military registration of men who have reached their twenty-first birthday since the enrollment of last June. There was nothing to be said against the proposal, and its enactment represents another step toward utilizing the nation's manhood resources against the enemy.

But this represents only a part of the registration program which the best interests of the nation demand. There should be a general registration of the manhood of the country, of men of non-military age as well as of men of fighting age. The earlier the government can register and classify its potential manhood strength the better it will be able to plan the kind of aggressive fight necessary to drive the Hun from the battle fields.

Here is a matter to engage the attention of congress. America has the preponderance of strength over its enemies. The question is how soon it will take stock of its strength and begin really organizing it for victory.

Pointed Observations

The unsinkable ship should keep on trying to get torpedoed. Its first voyage to France and return was unsuccessful because no U-boat attacked it. A ship that wants to be torpedoed and can't may be the safest to travel in.—Springfield Republican.

Germany is reported as having sent an ultimatum to the Dutch, apparently fearing it might have a friend left in the world after the war.—Indianapolis Star.

"The four years after this war ends will be America's most prosperous years," John Wanamaker prophesied. Optimism neither begins nor ends in Philadelphia. It's a Pan-American creed.—Brooklyn Eagle.

Old "Spurlos Versenkt" Luxburg has secured a "safe conduct" and is going home, a sick man. Don't believe Potsdam climate will do him much good. He got found out.—Minneapolis Morning Tribune.

There is less seditious talk since the new law was passed, but we must keep right on listening for those actions that speak louder than words.—Indianapolis News.

Let us speak low German, the Kaiser exhorts the people of Aachen. In other words, he would have them talk as he acts.—Baltimore American.

Germany is exchanging prisoners with Russia, and our bet is that Russia will be short-changed in the deal.—Detroit Free Press.

President Wilson would doubtless concede that it is exceedingly difficult to please all Americans, but his words to France accomplished that unusual effect. No matter how men may differ on other subjects, as to the heroism of France, the intelligence of France and the debt of civilization to France they are of one mind.—New York Sun.

Editor of The Advocate:—I received your letter of May 9th, 1918, with service medal enclosed for which I thank the people of Licking county and the office of The Newark Advocate.

I was a member of the O. N. G. at Newark for six years. I enlisted May 10th in the American Base Depot in France. I was recruited at Columbus barracks on the 18th of December, 1917, was shipped to Camp Grant, Ills., Dec. 24th, 1917, was made top sergeant, December 29th. Our company moved to Camp Sheridan March 4th, from there to

R. H. WRIGHT.

Camp Hancock, Augusta, Ga., April 7th, 1918. Our company was 300 strong. Now the boys are being transferred very rapidly to other camps.

We have had lots of hard drilling and the weather is mighty hot here. I have been transferred to the 303rd Trench Mortar Battery at Camp Dix, New Jersey, and will leave this camp very soon. I expect to go over seas in a short time.

I thank you and the people of good old Licking county again and hope I may wear this medal back to Newark after we get the Kaiser.

Yours sincerely, R. H. Wright, 1st Sgt. of Co. E, Ord Training Camp, Camp Hancock, Ga.

P. S.—I am a son of Mrs. J. O. Wright, 23 W. North street, Newark, O.

Editor of The Advocate:—I wish to acknowledge the receipt of the bronze medal so generously donated by the good people of Licking county.

I wish to extend my thanks to them through your paper. I assure you that all the Licking boys here appreciate the kindness and thoughtfulness of the folk at home.

We are hoping and praying that we may be able to return home soon, but we are in the army to stay, if need be until the Kaiser and all his bunch are whipped once and for all. All of the Newark boys are keeping in good humor and having some fun in spite of the conditions they are unused to.

Thanking you personally for your part in sending the medal, I am, sincerely, Pvt. James R. Armentrout, Company H, 331 Inf., Camp Sherman, Ohio.

Editor of The Advocate:—Just a few lines to thank you for medal I received all O. N. G. and thing. It is very nice. I am well and happy and like army life all O. K. Your medal came just in time as we will be leaving the good old state of Ohio soon, so thanking you again for medal, and hoping this finds you all O. K., and hoping the Newark War Chest goes over the top, with these few lines I wish to say good-bye to all my friends in Newark. As ever, John Costa, Company H, 331st Inf., Camp Sherman, Ohio.

Editor of The Advocate:—I received the medal presented by the citizens of Licking county to men in the service of their country. I appreciate very much this token of their appreciation, and only trust I may prove worthy of it. I know this will help me to remember home and friends, and will assist me in fighting for a just cause. Yours for service, Harold L. Roley, Supply Company, 331st Infantry, Camp Sherman, Ohio.

The following letter was received by Miss Vernice K. Bragg, 58 Meridian street, from her brother, Private M. R. Bragg of Co. A, 19th regiment, railway engineers, American E. F. France:

"Somewhere in France.

"April 27, 1918.
"Dear Brothers and Sisters—I thought I would try and write you a letter this afternoon, since I have finally got settled. This is the second camp I have been in since I landed, and it sure is a dandy camp here. I couldn't have been assigned among a better bunch of fellows. Everybody tries to help the other fellow and especially us new fellows.
"It is pretty warm here today, but it makes a fellow feel pretty good after being in snow and slash all winter, like we were at Camps Sherman and Grant. This makes the fifth camp I have been in since the fourth of October. Over here in this camp we are issued permanent passes, and they are good to visit four towns as long as you don't abuse them, and believe me I am going to take good care of mine.
"I see something worn over here that I have always wanted to see, and that is wooden shoes. You ought to see the French and Belgian engines and cars compared to the new U. S. A. locomotives and cars. It looks like you could put a foreign engine inside one of the American engines.
"I was over in one of the villages the other night and things were so different from what I have been

used to seeing. Rummy ought to be here as there is a cafe about every 50 feet and you can get beer and wine with girls as waitresses. He would be right at home here.
"How is old Jack these days? I'll bet he is as fat and lazy as ever, isn't he? I saw Fisk and Kappas a couple of days before we left, but have not seen them since I arrived here. If you can get their addresses let me know and I may be able to locate them if I know what outfit they are in.
"You ought to hear me speak French. I think I know about six words. French talk don't bother me much as I am too busy eating; trying to fill up after that rotten feed we got on the boat. Everything we get to eat here is good and plenty of it, so I am perfectly satisfied, only I wish it would soon be over and we could start back home.
"I haven't received any mail since I left Camp Grant—3-23-18—so I suppose when it comes it will all come in a bunch. If my subscription hasn't expired for The Tribune, have it sent on to me.
"I saw something in town last night that I think I will bring back for you girls as souvenirs, but I won't tell you now what it is.
"Several of the New York and Chicago newspapers have their papers printed in Paris, and we get all the news in the evening. It makes it pretty handy to get the news the same evening as you people do.
"We have a dandy Y. M. C. A. here. Just as good as those at Sherman, except that it isn't painted yet, but we don't mind the paint; it's the recreation we want.
"Has any of the second draft started to camp yet? From the looks of things and what a fellow hears there must not be very many left over there from the first draft.
"Our barracks bags got lost from us and we just got them last night. I had one package of Mail pouch in it and maybe you think I didn't chew. Had been chewing Star and Horseshoe, and I had to like it as you can't buy any American scrap over here. Camel cigarettes are cheaper here than at home. We pay 12 cents in our money for them, which is 60 centimes in French. We can buy chocolate candy in a tin box for four francs (80 cents). It's about a pound, I think. I can beat Max's haircutting price as we get it out in our own shop for 20 cents.
"Let me know if you received two cards from New York and a letter from France, when you answer this letter. Slim, you tell Walt Thompson's father my address and let him send it on to Walt as I don't like to

write only to answer letters, and he asked me when I left to keep letting him know where I was. I don't seem to be able to write a letter like I used to when I was in the states.
"We have funny evenings here. At 8:30 to 9 p. m. you can almost read a newspaper it is so light outside. Lay on the grass the other night and read a letter one of the fellows showed me at 8:30 p. m. It sure was a dandy evening.
"Well, I will have to close as it is almost time for retreat. You people have not had dinner yet, while we soon will be getting supper, as I hear there is about six hours difference in time.
"Give my best to everybody and tell them I am feeling fine. Write soon. As ever,
"Dode.
"Address: Private M. R. Bragg, Co. A, 19th Regiment, Railway Engineers, American E. F. France."

Editor of The Advocate:—I received your letter of the 14th with my service medal. It was quite a surprise to receive such a neat little token of appreciation from our

Licking county people. It sure is a very neat design and looks like it is very serviceable. I have shown it to my tentmates and they said that they were very unfortunate that they did not come from Licking county, as they would like to receive a medal of such good taste and remembrance. This is quite a different climate here than Ohio. It is very warm and dusty. It seems very queer that the people here in this part of the U. S. are not as sociable as our good old Ohio people. They seem not to cater to the soldier as freely as in the north. We have very little sickness in camp, as the camp is very sanitary; good water and good sewerage system. I am in the very best of health and am enjoying this life. Plenty to eat and wear and good quarters to sleep. What more could anyone ask? Give my best to all of my Licking county friends; that I would like to hear from some of them as to letters, I enjoy to get them. I will close. Good luck to "you all"—a southern way of expressing themselves. I remain,

Edward L. McIntosh,

"BLOOD AND IRON"

Combination That Makes For Better Health This Spring.

Every man and woman who would enjoy good health this spring, and would have such life and strength as not to be a slacker, but equal to anything, must have an abundance of iron in the blood.

The new iron tonic, Peptonin, combines this valuable metal in medicinal form so that it is easily absorbed and readily assimilated. Peptonin also includes poppin, nux, coler, gontian and other tonics. Nervous, indigestive and carminative—a health-giving medicine in the form of chocolate-coated pills, convenient and pleasant to take. It has given entire satisfaction in cases of anemia or thin blood, paleness, nerve debility, brain-fag. One or two Peptonin after each meal will quickly tell a story of marvellous results.

Peptonin is prepared by its originators, C. I. Hood Co., Lowell, Mass.

If your skin itches and burns, just use Resinol

If you are suffering from eczema, ringworm or similar itching, burning, unsightly skin affection, bathe the sore places with Resinol Soap and hot water, then gently apply a little Resinol Ointment. You will probably be astonished how instantly the itching stops and healing begins. In most cases the sick skin quickly becomes clear and healthy again, at very little cost. Resinol Ointment and Resinol Soap also clear away pimples, redness and dandruff. Sold by all druggists.

CATARRHAL TROUBLES REALLY LOCAL

Especially of the Nose and Throat. Here is a new treatment that no matter how many things you may have tried or however stubborn your case, it does the work. You don't have to wait days and weeks to see if it will help you. You will feel the effects at once. Conditions of long standing are relieved in a very short time.

Simply go to your druggist and ask for a small sized package of Fokkela's, refuse all substitutes. Fokkela's quickly heals and soothes the inflamed membranes, stops the discharge and opens up the closed nose and air passages in a truly wonderful way. Thousands of sufferers claim that Fokkela's ended their catarrh forever. Your druggist or Evans' Drug Store can supply you.—Advt.

How to Acquire Hair Beauty

You can enjoy a delightful shampoo with very little effort and for a very trifling cost, if you get from your druggist a package of Catarrh and dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply, it to all the hair instead of just the top of the head. Your shampoo is now ready. Just pour a little at a time on the scalp and hair until both are entirely covered by the daintily perfumed preparation that thoroughly dissolves and removes every bit of dandruff, excess oil and dirt. After rinsing the hair dries quickly with a fluffiness that makes it seem heavier than it is, and takes on a rich luster and a softness that makes arranging it a pleasure.—Advertisement

POTATOES

Should Now Be Eaten to Save Food and Especially to Save Wheat Also to Save Money

1. Our Government requests this
2. And our duty is to obey.
3. There is danger of 30,000,000 bushels of potatoes going to waste.

Let us use them and save other food which will keep.

By so doing, save money.

Put your money to work earning five per cent interest.

SOCIAL EVENTS

SOCIETY EDITOR, AUTO PHONE 2812.

Mrs. Ursel Swain pleasantly entertained the Mignollette Embroidery club at her home, Hoover street, Thursday afternoon. Red Cross sewing and music were enjoyed throughout the afternoon, after which lunch was served the members.

Mrs. Leo Stevens, Mrs. Harold Davis, Mrs. Harry Horchler, Mrs. Roy Theis, Mrs. Cecil Bigbee, Mrs. Lola Fleming, Mrs. Charles Winter, Mrs. Mrs. Wallace Melick, Mrs. Clay Sutton and hostess, Mrs. Chas. Tucker was a guest of the club.

On Monday evening, May 20, Mr. and Mrs. Wm. Crawford gave a dinner at their home, North Pine street, in honor of Mr. Derrel Rothwell, son of Mr. and Mrs. F. M. Rothwell, Union street, who will leave for Camp Sherman soon.

On Wednesday evening, May 22, Mr. and Mrs. G. L. Larkin gave a dinner at their home, Hancock street, in honor of Mr. Derrel Rothwell.

Edward and Mary Vogelmeier entertained a few friends, Tuesday evening, in honor of Mr. Floyd Mitchell, who leaves Monday for camp. Games and music were enjoyed, and at a late hour a two-course luncheon was served the following guests:

Misses Mary Urey, Mary Turner, Mary Mitchell, Mary Brownfield, Helen Brown, Florence Geidenberger, Lena and Maud Cooperider and Mary Vogelmeier, Messrs. Floyd Mitchell, Ralph Urey, Earl Cooperider, George Brownfield, Vernon Cullison, Aaron Richards, Carl Geidenberger and Edward Vogelmeier.

Mrs. George Roley will entertain with a silver tea at her home in the Granville road, tomorrow afternoon from 2 to 6 for benefit of the Silent Circle of The King's Daughters. All members are requested to be present and bring their guest. During the afternoon the women will sew for the Red Cross.

The Krochea club had an all-day sewing for the Red Cross, Wednesday at the home of Mr. William Wiener on West Main street. A two-course luncheon was served to the members and following guests: Mrs. Harry Lamp and daughter Ellen Gertrude, Miss Elloise Montgomery, and Mrs. G. W. Schultz of Cleveland, who was formerly a member of the club. The next meeting will be held June 6 with Mrs. S. C. Morrison on Granville street.

ABOUT PEOPLE

Mrs. J. S. McConnell and Mrs. Robert K. McConnell and children, Robert and Mary, of Wilkingsburg, Pa., are visiting at the home of Dr. and Mrs. Calvin G. Hazlett, 363 Hudson avenue.

Mrs. James Boyer of near Gratiot, has returned home after visiting Mrs. Andrew Stray, Buena Vista street.

Dick Wurra was in Columbus today on business.

Charles and William Graef made a business trip to Columbus yesterday. William Webb of North Adams, Mass., is a visitor in Newark today.

Al Ketzell of Columbus, is spending the day in Newark.

Kent De Rango of Zanesville was a business caller in Newark on Thursday.

Attorney J. R. Fitzgibbon is in Mt. Vernon on legal business today.

Our Boys and Girls

Quite a problem, which will confront mother a little later, will be the providing of a wardrobe for the children that will help to make their vacation a period of comfort and pleasure, and the huge price charged for laundering should also be considered when planning the small outfits. Comfort, of course, may easily be secured, a pair of overalls or a set of jumpers, will provide this, but no child will feel happy so garbed among associates wearing pretty clothing that may be as comfortable, as well.

Children vary in feature and form quite as much as adults, and so it is quite necessary to study what will be becoming to them. A plump little maiden will look ridiculous in a short beruffled skirt, standing out like an overtimed lampshade, yet her fairy like sister may be a ravishing beauty in the same style frock. For a sojourn in the country, a frock of some light weight woolen material and several thin white frocks, will be sufficient.

Abe Martin

Who remembers when a grocer wouldn't stoop to break a cracker in two to make 'th' scales balance? 'Th' up-to-date weddin' account is now devoted to 'th' groom's rank instead of 'th' bride's dress.

MICE STEAL AND STORE GRAIN

Damage Done by Little Rodents is Cause of Considerable Loss to the Producer.

Little do people know about our native mice and their allies, as they are mainly nocturnal in their habits, and were it not for the discovery of their ruins in the leaf mold, their nests in the fields and the annoyance that they sometimes cause their existence would hardly be suspected, says W. I. Beechcroft in the Boy Scouts Magazine. The owl and the fox could tell us much about the prevalence and the ways of these little folk. As I have lived for a number of years in close proximity to the woods, I have had my share of mice about the premises. I have caught the white-footed or deer mouse the jumping mouse, the red-backed mouse and that measly little foreigner, the common house mouse, and, as if that were not enough, there are two or three species of shrew-mice and moles.

Once I had occasion to clean away rubbish that had collected in a corner near bags of grain. As I picked up an old shoe something in it rattled. I turned it upside down and a handful of grain fell out. A pickle bottle was half full of corn. From a roll of roofing paper a quantity of grain rolled out, and here and there I found little heaps of corn and wheat. White-footed mice had supplied themselves well at my expense, but only the mice themselves could tell what they had carried off to parts unknown. I hastened to the store and purchased two small mouse traps. Mice are innocent and unsuspicious little creatures. In a short time peace and quiet reigned over my grain bags.

IDENTIFIED AFTER TWO YEARS

New York Police Refused to Be Satisfied by Mystery of Skeleton Found in the River.

Identifying dead bodies is often extremely difficult. Of course, fingerprints and photographs make identification fairly easy, and laundry marks are a great help; but very often the police have much less to work upon. The New York police recently found a male skeleton, fully clothed, in the river. They succeeded in identifying it by means of a gold bridge in the upper jaw. They traced the dentist who had made the bridge, and he gave them the chart of the mouth, which corresponded with the teeth of the skeleton. They then found a watchman, who said that the man was known as "Sam." In the course of conversation he mentioned that "Sam" had an enlarged great toe joint on his left foot, and very often wore shoes with a hole cut over the big joint and a patch sewed over the hole. At the mortuary the shoe was found just as the watchman had described it. Then the deceased's sister was traced, and she identified her brother by means of a handkerchief found in his pocket. It was afterward proved that the man fell into the river when he was drunk, and that he had been in the water about two years. This is one of the cleverest pieces of identifying work of recent years.

Plants Have Become Pests.

Popular plants, like certain animals, may develop into formidable pests when introduced into new localities. As a striking example of the spread of a shrubby species, E. F. Andrews brings forward the Japan honeysuckle, which a half century or so ago was known in the southeastern United States only as an attractive vine for garden or piazza, but since then has run wild until it has become the most aggressive and indomitable enemy of the native vegetation. Unlike the common herbaceous weeds, it is not confined to roadsides and waste places, but invades the most secluded haunts of wild flowers, strangling or smothering every green thing, and it is not unusual to see whole acres of haw thickets or other shrubby growth being exterminated in its deadly meshes. A plant that had been reduced in its throttling grasp to little more than a leafless skeleton was a remarkably fine haw tree 16 inches in diameter, with a crown spreading 40 feet and a height of about the same.

Prediction Somewhat "Off."

"The last great war has been fought and the nations may now look forward to uninterrupted peace."

This was the hope and belief proclaimed from many pulpits in England when Great Britain, by royal proclamation, celebrated a general thanksgiving day following the end of the Napoleonic wars. After the smoke of Waterloo rolled back it revealed a continent given over to desolation. Although England had suffered less than the other nations involved in the long struggle, she had by no means escaped unhurt. For twenty years Great Britain had supplied the financial sinews of war for her allies in addition to active participation in battles on land and sea.

First Paper Mill.

The first paper mill in this country was started by William Bradford at Germantown, Pa., in 1690. It was known as the Rittenhouse mill, and, of course, the paper was made by hand—the first machine for the purpose being invented in 1799 by a Frenchman, Louis Robert.

The Invention of Paper.

The invention of paper is attributed to a Chinaman named Tsai Lam, who is said to have made it from bark, hemp, rags and old fish-nets in the year 105 A. D. Six centuries later the Arabs captured the Chinese city of Samarkand, and there learned the art of paper-making.

THE COURTS

Offices to Close.

The offices of Justice of the Peace, Bert O. Horton and D. M. Jones will close Thursday afternoons during the months of June, July and August. Both offices were closed this afternoon in accordance with the mayor's proclamation declaring this a half holiday on account of the war chest campaign.

Divorce Petition.

A petition for divorce was filed today in common pleas court by Elizabeth C. Yost against Irvin Yost on the grounds of extreme cruelty and gross neglect of duty. The plaintiff alleges that the defendant on numerous occasions struck and ill treated her and ordered her from their home. They were married on August 28, 1910.

Real Estate Transfers.

Samuel Clark to Charles Hunter, lots 41-42-43-44, Sylvania, and a parcel in McKean tp., \$300.

Sidney S. Brown to John C. Ewing, inlot 4172, Oakwood addition, \$1 etc.

E. L. Cotherell Realty Co. to Anna McWilliams, lot 89 Bellevista addition, \$148.

W. A. Hervey to J. W. Williams, parcels in Burlington tp., \$1 etc.

James Thomas Bailey to Tom Bailey, 1-1-2 acres in Hartford tp., \$450.

Marriage Licenses.

Basil Harold Feaster, glass worker, Newark and Miss Lydia Louella Williamson, Newark.

Funeral of Child.

The funeral of William Flory Browne the year-old son of Mr. and Mrs. Edward Browne of Granville street, will be held at the home at 10 o'clock Friday morning, Rev. L. P. Franklin officiating. Interment will be made in Cedar Hill cemetery.

Offices Are Closed.

All offices of the courthouse closed this noon at 12 o'clock in compliance with the proclamation issued by the mayor declaring the afternoon a half holiday in honor of the war chest campaign.

OBITUARY

Emma Stump Hamilton.

Word was received here Wednesday of the death of Mrs. E. C. Hamilton at her home in Kankakee, Ill. She was the daughter of the late Leonard and Catharine Stump of Hanover, O., and was married to Dr. E. C. Hamilton on Oct. 12, 1887. She is survived by her husband, one son and three daughters, also three sisters of this county.

Funeral of Infant.

The funeral services for William Flory Browne, infant son of Mr. and Mrs. Edward S. Browne, will be held at the home Friday morning at ten o'clock. Rev. Lewis P. Franklin officiating. Burial at Cedar Hill.

The funeral of Mrs. Sarah Nota.

Pound will be conducted Friday afternoon at 2 o'clock at Pleasant View church, Rev. Mr. Buell officiating. Interment will be made in the Barnes cemetery.

Milady's Boudoir

The Mobile Mouth.

It is said by experts that the mouth is the feature that most truly expresses the character. Mouths have won more men for women than any other feature. A man when away may forget the shape of the face, but some expression of the mouth still remains with him permanently. Many women who have no other good feature seem to be beautiful because the mouth is bewitchingly attractive, and tell of a soul that is big and fine.

It is an easy matter to do for the mouth what nature did not do. Of course we cannot change the marking of the mouth, but we can change the lines about it. No matter how beautiful the contour of a mouth, it is not beautiful if it pulls down or remains immovable in tight and straight lines. The mouth is the most mobile of all the features. It is claimed by those who talk, laugh and sing that such uses retain an expression of youth never and in those who have not frequently exercised the mouth in these ways.

To encourage the upward trend of the mouth we must begin at the foundation of beauty, character. We must encourage beautiful, kind and pure thoughts. We must think of the sweet, joyful things in life, not of the discouraging, wicked ones. The next step toward developing a beautiful mouth is a full set of teeth in perfect condition.

There are several exercises that keep our mouths mobile and flexible. Whistling is good, if not overdone. Blowing out a candle or an imaginary candle light is also fine. But best of all is to toss a feathery dandelion into the air and blow it about—laughing at the sport which is derived from this, or blow soap bubbles. Blowing these about a room is good mouth exercise.

Do not bring the lips tightly together. That spoils the mouth, adds lines and wrinkles, and makes the face old. Always keep the lips just lightly together.

Every Day Etiquette

"How should I ask a girl to give me a dance?" asked Joe.

"Say to the girl with whom you wish to dance: 'May I have the pleasure of this dance with you?'" answered his sister.

The great trouble with people who have nothing to say is that they generally manage to say it at such length.

TODAY IS ELKS' DAY "SOME DOIN'S"

A SAFE PLACE TO TRADE

AND NOW COMES THE

Final Clearance of All Suits

Strictly all-wool, man-tailored garments; the kind that express every new and desirable style feature. Included are strictly tailored models, ripple backs, braid trimmed styles, etc., fashioned from Men's-wear Serge, Poirer Twill, Wool Poplin, Granite Cloth, Gabardine, Chiffon Taffeta and Silk Poplin, in Black, Navy, Peacock, Tan, Copen, Quaker Grey and Sammy. The quality and prices cannot be duplicated elsewhere, but we advise you to make your selection at once, as there are only about 100 suits to be disposed of. Alterations, as usual, will be made free of charge.

BEVERA

THE DRINK THAT SATISFIES

Watch the Snap and Vim

in every bottle of Bevera as you pour it into a glass.

Then get ready for a real exhilarating drink, for you will get it—every time you open a bottle of this wonderful beverage.

Bevera is the suitable drink for any occasion; meal time, between meals, or at any social gathering. It is good for young folks and elderly people.

While Bevera has many prominent distinguishing qualities, the first is of greatest importance—It is absolutely pure.

This is because of the wholesome ingredients and the sanitary methods used.

Every glass of Bevera you drink will assist materially in keeping you strong and well, because of the barley, hops and distilled water it contains.

Look for the Bevera signs in the stores of your city. They are to be found in thousands of drug stores, soda fountains, grocery stores and confectioneries. When you see the sign you will know it is the sign of a good drink.

Get your bottle today—you will enjoy it—then buy by the box tomorrow.

TRACEY & BELL

THE MARKETS

Cleveland Poultry and Produce.
(Associated Press Telegram)
Cleveland, May 22.—Poultry: live roosters, old, 20c; hens, 27c; 28c.
Potatoes: choice white, 12c per 100 pounds.

Chicago Grain and Provisions.
(Associated Press Telegram)
Chicago, May 22.—Prospects that the crop movement would increase as soon as planting was completed had a bearish influence today in the grain market. After opening unchanged, to 1/4c up, with July 14 1/2 to 14 1/4 and June not quoted, the market underwent a decided sag and then showed something of an upturn.
Oats reflected the weakness of corn. Opening prices which ranged from 1 1/4 to 1 1/2 lower, with July 6 1/2 were followed by additional losses and then a little upturn.
Declines in the hog market carried down provisions. Demand lacked volume.

East Buffalo Live Stock.
(Associated Press Telegram)
East Buffalo, May 22.—Cattle: receipts 125, steady.
Calves: receipts 200; strong; 7.00 to 10.00.
Hogs: receipts 1,000; easier. Heavy, 15.10 to 18.50; mixed 18.75 to 18.90; Yorkers and light Yorkers 18.25 to 18.50; pigs, 18.75; roughs, 16.25 to 16.50; stags, 12.00 to 13.00.
Sheep and lambs: receipts 2,000; steady. Lambs, 11.00 to 11.75; others unchanged.

Cleveland Live Stock.
(Associated Press Telegram)
Cleveland, May 22.—Cattle: receipts 200, market slow, lower.
Calves: receipts 300; slow. Good to choice veal calves, 15.00 to 15.50.
Sheep and lambs: 5,000; slow but steady. Good to choice lambs, 16.00 to 16.50.
Hogs: receipts 1,000; 15 and 25c lower. Yorkers, mixed, heavies, mediums, 15.10; roughs, 15.25; stags, 12.00.

Wall Street.
(Associated Press Telegram)
New York, May 22.—Selling of leading issues was actively resumed at the opening of today's stock market, copper showing especial heaviness on reports that the war industries board had declined to advance the price of the metal. Excesses were subjected to further pressure. United States

Steel Baldwin Locomotive and Texas company represented the heavy equipments and specialties.
Liberty bonds were steady.
The ease with which rails yielded gave additional momentum to the reversal of the first hour, although that group later made up part of its loss.
Recessions among industrial and equipments were extended before the market rallied under the lead of marine preferred and some of yesterday's strong specialties notably cotton oil and linseed. Copper held at lowest levels and U. S. Steel and Baldwin Locomotive were unable to throw off pressure precipitating another reaction at noon.
Liberty 2 1/2's sold at 98 1/2 to 99, first 1's at 94.84 to 94.88, second 4's at 94.78 to 94.80 and 94's at 94.50 to 94.76.

Cincinnati Live Stock.
(Associated Press Telegram)
Cincinnati, May 22.—Hogs: receipts 5,000, steady.
Cattle: receipts 600; slow.
Calves: strong.
Sheep: receipts 200; strong; 6.00 to 13.00. Lambs: slow; 12.00 to 16.75.

Pittsburgh Live Stock.
(Associated Press Telegram)
Pittsburgh, May 22.—Hogs: receipts 2,000, lower. Heavies, 17.50 to 18.00; heavy Yorkers, 18.50 to 18.75; light Yorkers, 18.00 to 18.50; pigs, 18.50 to 18.90.
Sheep and lambs: receipts 250; steady. Top sheep, 14.25; top lambs, 17.25.
Calves: receipts 150; higher. Top 15.25.

Chicago Live Stock.
(Associated Press Telegram)
Chicago, May 22.—Hogs: receipts 2,000, slow. Bulk, 17.25 to 17.75; light, 17.25 to 17.50; mixed, 17.00 to 17.50; heavy, 16.00 to 17.00; roughs, 15.00 to 15.50; pigs, 17.25 to 17.75.
Cattle: receipts 12,000; weak. Native steers, 10.00 to 12.50; stockers and feeders, 9.25 to 11.25; cows and heifers, 12.50 to 14.00.
Calves: 5,000 to 6,000.
Sheep: receipts 11,000; steady. Sheep 9.25 to 11.25; lambs, 12.25 to 16.50.

Self-Criticism.
Doctor—The man who told you your heart was weak was mad! When was it?
Recruit—When I last came up, sir.
Doctor—Who was it?
Recruit—You!—London Passing Show.

Believes Religion Must Aid Solution of After-War Problems

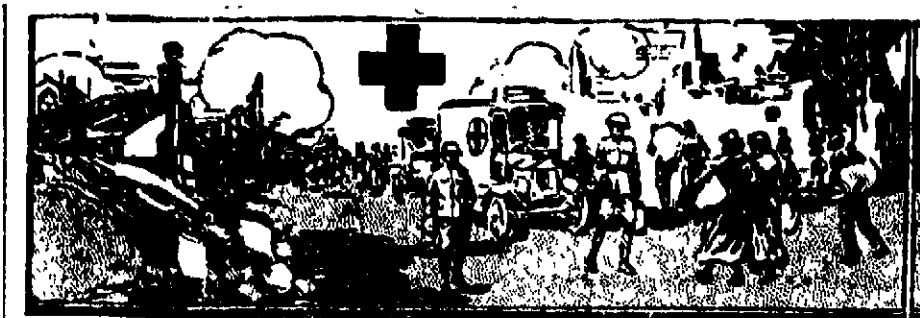

WALTER S. ATHEARN

Professor of religious education at Boston University and author of widely read books on religious subjects, will be in charge of educational work at the Ohio Sunday School convention at Springfield, May 28, 29, 30 and 31, and will outline problems of the church school in molding democracy.

Electrically Heated Beds.

In view of the elaborate care with which most details of sick nursing have been worked out, it is more than a little curious, says the Lancet, that the maintenance of the patient's warmth in bed should have been left so long to the precarious ministry of the hot-water bottle. At the Treloar Cripples' hospital, Alton, two wards are now supplied with electric mattresses, which have proved both safe and convenient in practice, even when a child is the occupant of the bed. The mattress is differentially heated, and the heating element is so disposed that the maximum warmth is generated at the foot end, less in the middle, and none at all at the head end.

This is one time when any fellow in the draft age can get to the front without any backing.

AMERICA—THE SYMBOL OF FAITH AND HOPE

By GEO. W. GOETHALS

Acting Quartermaster General

EVERY American citizen should be proud of the American Red Cross. It is daily, indeed hourly, giving an example of mercy to the whole world. Through its operations the suffering of soldiers and civilians is being alleviated.

The American people should continue to support the American Red Cross. Through it they are helping their own men and helping the allies. Through it they are making America the symbol of faith and hope in a distracted world.

GEO. W. GOETHALS,
Acting Quartermaster General.

THE BOY IN KHAKI

By K. C. B.

I saw a mother,
And her brown clad boy,
And heard her sob,
And "Goodby, son,"
And saw him,
Kiss her tears away,
And go.

And hours passed,
And in the darkness,
Of my room,
I lay,
And all the pictures,
That the day had drawn,
Came back,
And she was there,
And he was there.

And then a picture,
From across the seas,
Was painted,
On my shadow wall,
And he was there,
And he was there,
There were shadow men,
But nowhere,
Could I find the face,
Nor find the form,
Of her.

And then,
Another picture came,
A great Red Cross,
And wounded men,
Looked up at it,
And raised their arms,
And smiled,
And he was there,
And as I gazed,

Upon the cross,
I saw Her face,
And so it was,
That in the darkness,
Of my room,
It came to me,
That Red Cross work,
Across the seas,
Was mother's work,
In other hands,
And done for Her.

And then sleep came,
And came a dream,
And cheering throng,
And boys come home,
And he was there,
And she was there,
I heard her sob,
And saw him,
Kiss her tears away.

And in their wake,
On that glad day,
A Red Cross waved,
As it had waved,
And followed him,
Down in the Valley,
And come back again.

I THANK YOU

One Million Sweaters For Army and Navy

The American Red Cross is the greatest volunteer organization that the world has ever seen. It was announced by one of the high officials in Washington that millions of people are and have been for some months working six days a week without a dollar's pay. This includes the members of the local chapters and all other employees in this country and abroad. One significant item in this is the fact that the Red Cross has given the army and navy over 1,000,000 sweaters for the boys in the service, of which over 500,000 were made by the members of the local chapters. You who know the difficulty of making sweaters can estimate the character of the work and the self sacrifice that the women of America are making to further the Red Cross' mission of mercy.

CARDINAL GIBBONS' MESSAGE

There is in these times a veritable ocean of sorrow and suffering engulfing millions of souls, and a society with the membership and resources of the Red Cross, actuated as it is by Christian principles, can bear under the tremendous burden of extending intelligent and efficient relief. In particular I approve of the Red Cross activities as they are directed towards supporting the courage and caring for the injuries of our young soldiers and sailors. It is my earnest hope that all of our people will cheerfully and generously cooperate with the Red Cross committee in their efforts towards reaping the fullest measure of charity that it may be possible for the society to attain.

JAMES CARDINAL GIBBONS,
Archbishop of Baltimore.

BEECHAM'S PILLS

Constipation is the arch-enemy of health. Conquer this enemy and you rout a whole army of physical foes, including indigestion, biliousness, sick headache, sleeplessness and nervous dyspepsia. Beecham's Pills have been a world-favorite laxative for over sixty years. They go straight to the cause of many ills and remove it. They act promptly, pleasantly and surely. Contain no habit-forming drug. These time-tested pills strengthen the stomach, stimulate the liver and

All "Woolen Mills" Are Not "The United"

It will pay you to investigate the quality of the product and method of doing business of this old established institution and that of our many imitators.

The fact that so many fellows are adopting names so similar to ours that it confuses the public is sufficient reason why you should post yourself as to who makes the best clothes for the money.

The mere name does not mean the same quality.

There is no other concern producing so high quality garments at our three prices as—

THE UNITED WOOLEN MILLS CO.

Missing in action—Private Rocco Summa, Waterbury, Conn.

RECALLS DAYS AT CAMP ALGER 20 YEARS AGO

War activities of the present time recall an entertainment given by Jesse Reese under the auspices of the Y. M. C. A. at Camp Alger, Va., an account of which appeared in the Advocate on July 12, 1898.

The association for some time maintained a tent at the camp for the seventh Ohio regiment, where literature, writing material and other needs of the soldier were provided. The appreciation of this was shown by the fact that it became necessary to provide a larger tent and a special effort was made to secure the necessary funds to bring this about without asking the soldiers to contribute. As a means to furnish a part of this fund Mr. Reese, together with the Y. M. C. A., announced an entertainment of magic and mystery, which brought together a crowded tent of the boys in blue, who were amused from start to finish by the tricks which were so skillfully manipulated by Mr. Reese. A nice sum was realized from the entertainment and was the beginning of other entertainments which was made up of talent from the regiment. These entertainments were not only a great help financially to the Y. M. C. A. fund but also provided many pleasant and profitable evenings for the boys of the seventh Ohio.

25 Years Ago

The high gale this morning tore the roof off Mr. T. H. Holmes carpenter shop rear of blacksmith shop on East Main street.

A small fire occurred at the Schenck engine work last evening about five o'clock. The engine was injured somewhat by the throwing of water on it.

Miss Mary Smith who has been teaching during the past year in a young ladies seminary at Jellico, Tenn., returned home last night.

Mrs. L. M. Whitehead and daughter Minnie left today for a visit with friends in Muncie, Ind.

15 YEARS AGO.

Mrs. Frank Felix entertained this afternoon her euchre club. The prizes were won by Mrs. Pitzer and Mrs. O. C. Jones.

The Jolly Compass club was entertained this afternoon by Miss Bertha Moore and Miss Anna Lou Evans with a supper at Buckeye Lake.

W. P. Taylor formerly, connected with the city drug store has accepted a position at Bob Smith's pharmacy.

Marriage license have been issued to Andrew Chalgren and Eda Carlson.

Let Us Help Cut Down the Cost of Running Your Car

YOU need the car now more than ever, but you also want to economize toward doing "your bit." Let us show you the way to tire economy.

You don't know how good a fabric tire can be unless you have seen the Firestone of this season. Better than ever, because they have adapted to the fabric line several important features they developed in constructing their fine cord tire. Come in and see the cross section sample and let us explain.

We have a complete stock of Firestone Cord Tires, too. They cost more, but they certainly pay back, with liberal interest, all their extra cost in added mileage and other advantages.

Another economy we offer is our repair work. Don't figure a tire or tube "gone" until you bring it to us. We have saved many car owners many dollars. Let us save some for you.

HULL'S SUPERLATIVE IS MEETING WITH TREMENDOUS SUCCESS

SPLENDID RESULTS ARE REPORTED BY DOZENS OF NEWARK MEN AND WOMEN WHO ARE TAKING HULL'S SUPERLATIVE

Every day new friends of Hull's Superlative are found. People having various stomach and nerve upsets of long standing are rapidly regaining their former good health by taking this great preparation. Coughs, colds, the grip and tonsillitis are routed in a hurry by Hull's Superlative, and every dose taken into the system enriches the blood and builds new tissue so necessary to ward off disease, sickness and failing strength.

Men and women who have slight ailments find their trouble vanishes almost like magic after a few doses of Hull's Superlative have been taken. Their step is more elastic, their eyes take on the sparkle of youth, their skins clear up and they look and feel so much better and are stronger and more energetic.

NATURE'S VITALITY-BUILDER

Hull's Superlative is a great success because it builds vitality. It contains just what a sick or ailing body must have to establish a proper health-balance. Hull's Superlative is the liquid essence of seven roots, barks and one berry, and by analysis shows that it contains in highly concentrated form the very salts and minerals of which the human body is composed, and a proper balance of which is necessary to maintain normal health and strength.

Science has proven that: where one or more of the minerals of the body is lacking in sufficient quantity sickness results, and by restoring these same elements to the blood, the disease-weakened tissues grow firm and strong and good health then results.

SOLD ON ABSOLUTE GUARANTEE

Hull's Superlative is sold on a money-back guarantee. Every druggist is told to refund the purchase price should any customer bring back the partly filled or empty bottle and say he did not get the results he thought he should. This is such a fair and liberal offer that every reader of this paper who is sick or ailing should get a bottle and prove the worth of the preparation in his own particular case.

For sale and guaranteed by all druggists.

THE NEW SUMMER DRESSES

Are unusually attractive this season. There are so many models shown, suitable for general wear, afternoon or evening affairs. In gingham, are novelty plaids and stripes in very pretty color combinations. Plain color linens in tailored styles. Sheer voiles are shown in dainty styles in plain colors, pretty florals, stripes or small plaids.

It will interest you to see the new styles for summer—Come in soon.

"I'M SURE TO NEED AT LEAST ONE SILK DRESS"

Say most women. All through the summer season one finds need of a stylish silk dress. Our present display contains a beautiful assortment of models in sheer georgettes in light shades, fancy foulards, with georgette trimmings, practically all plain colors in light and dark shades, some show combinations with georgette, others trimmings of striped or plaid silk in harmonizing shades.

SHEER GEORGETTE OR CREPE WAISTS

Are very handsome for wear with white skirts or the pretty fancy silk and light weight wool skirts. Shown in the delicate shades that are so cool looking for the heated season, white, flesh, maize, rose, grey, etc. There are plain hemstitched styles, dainty designs either embroidered or formed of fine beads.

MAY WE SHOW YOU THE SUMMER MODELS SOON?

ITALIANS AT THE WEIANT GARDENS SUBSCRIBE \$1700

There isn't a slacker at the Weiand gardens. Every employee, most of whom are Italians, is a subscriber to the war chest. The solicitors visited there yesterday and the men were ready to sign their pledges and they were not only ready, they were proud to do their bit for the boys at the front. They pledged \$1700.

STOLE SUITCASE OF A NEWARK MAN; THIEF CAPTURED

O. W. Christman, a B. and O. brakeman living in Maholm street, was the instigator of a sensational chase of a thief in Mt. Vernon Sunday.

Christman traveling through from Mansfield to Newark missed his suit case shortly after passing through Mt. Vernon on a passenger train. Another passenger told him he had seen two colored men pick it up and get off the train at Mt. Vernon.

Mr. Christman came on to Newark and secured Detective McCormick of the B. and O. force and returned to Mt. Vernon and with Chief Parker of that city visited the home where they learned the colored men had gone. The men and the suit case were found and after they had been placed under arrest and the trio started to jail with them, one Anthony King broke away. A chase ensued, with revolver shots being fired in the air. King finally became exhausted and was captured.

RESERVATIONS FOR HIGH SCHOOL PLAY

Reservations for the senior class play, "The Lion and the Mouse," will be held Friday at Eymann's drug store. Tickets have met with a ready sale and a full house is assured. This play without a doubt will be up to the usual high standard of high school plays and the pupils will not go amiss by attending this production. The play is by Charles Klein, noted playwright, who throughout his career has written many successes and to say the least "The Lion and the Mouse" is one of his best. It enjoyed a run of over a year in New York and also long runs in other large cities. It is fortunate that the seniors have been able to secure such a fine play.

It is to be given Tuesday evening, May 28, at the high school auditorium.

23132 for Job Printing.

ALL TIRED OUT.

Hundreds More in Newark in the Same Plight.

Tired all the time; Weary and worn out night and day. Back aches; head aches. Your kidneys are probably weakened. You should help them at their work.

Let one who knows tell you how. Mrs. J. W. Thompson, 87 S. Second St., Newark, says: "I was so bad with kidney trouble I had to get up out of bed and walk the floor my back pained so severely. I lost my sleep and the next morning I felt worn out. I had dizzy spells, my bladder was affected and rheumatic twinges darted through my feet and hands. I suffered terribly. The joints of my fingers were stiff and wrenched out of shape. My kidneys were in a weak and disordered condition, too, and caused me a lot of distress. I felt tired and aching all over until finally I got Doan's Kidney Pills from R. W. Smith's Drug Store. This medicine fixed me up in good shape and of late I have been free from kidney trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Thompson had. Foster-McBride Co. Mfgs., Buffalo, N. Y.—Advertisement.

PROGRAM TO BE GIVEN BY THE SHRINE BAND

A meeting of the Newark members of the shrine was held in the Masonic temple last evening at which Nobles W. H. Knauss, J. R. Cooper and Jos. Schrier were appointed as a committee to look after the supper and entertainment of the Shrine band, which will be in Newark tomorrow night to assist in the big carnival celebration. The band will be cared for at the Elks club rooms. All nobles having dress suits have been appointed as members of the committee on reception, while every noble in the city is expected to wear his fez and show his colors.

Following is the program that will be rendered by the shrine band on the south steps of the courthouse beginning at 7:30 o'clock. Morning, Noon and Night in Vespers. F. E. Supple Columbia (cornet solo). Noble Frank Todhunter The Wedding of the Rose. Leo Jessell Wide Awake March. T. P. Brooke Selections from Verdi's Opera. Moses and Tobani When the Boys Come Home (vocal solo). Noble I. R. Denton A Fairy Tale. Dolby Gate City March. Weidon

OFFICERS FROM CAMP SHERMAN TO BE IN CHARGE

Officers from Camp Sherman will be sent to take charge of the contingents from the various counties for entertainment during the five days' period beginning May 25, according to instructions received today by the local draft board. The district, to which Newark and Licking county belong, is composed of Richmond, Knox, Perry and Morgan counties. The special train will leave Mansfield on the morning of the 27th at 10:14 o'clock in charge of an officer, the Perry county men joining them at Newark at 1:10 o'clock and the Newark and Licking county selects will board the train here at 1:35 o'clock. The men from Morgan county will be picked up at Washington Courthouse and the train will arrive at Camp Sherman at 5:25 o'clock. The quota from Newark and Licking county will be composed of 191 men, the largest number yet sent at any one time.

ELEVEN GRADUATE AT HEBRON SCHOOL

Hebron, O., May 23.—All school functions this year have been well-attended. The attendance at the baccalaureate sermon at the M. E. church, Sunday evening, was especially large. Rev. T. B. White of this church delivered the class sermon. Rev. Mr. Carter of the Church of Christ, and Rev. Mr. Melinger of the Licking Baptist church, assisted in the services.

The normal school reunion was attended by graduates and friends from many sections of several counties of central Ohio. The program and refreshments were in keeping with the spirit of the times, and the talk by Vincent Sheets of Camp Sherman, who was a member of the class of '16, was especially interesting.

The high school graduating class numbers 11. Hon. Russell M. Knepper, assistant attorney general of Ohio, who delivered the class address, Wednesday evening, is considered one of the best orators of the Capital City.

The same number of young ladies received their certificates of graduation from the county normal school, Friday evening, after they have presented the Shakespearean play, "The Taming of the Shrew."

The high school alumni banquet will take place this evening. The following was the commencement program:

Invocation . . . Rev. H. B. Mellinger
Orchestra.
Salutatory . . . Lois Lorentz
Orchestra.
Class History . . . Roy Fitz
Quartet.
Class Will . . . Russell Walters
Orchestra.
Valedictory . . . Leona Loughman
Quartet.
Class Address . . .
Hon. Russell M. Knepper, Assistant Attorney General.
Orchestra.
Presentation of Diplomas . . .
Jesse B. Vermillion, Member
Hebron Board of Education.
Orchestra.
Benediction . . . Rev. H. H. Carter
Music by Hebron orchestra and high school girls' quartet.

SUMMIT.

Mrs. M. J. Hillery visited Mrs. D. C. Anderson and mother, Mrs. Harris Saturday.

Rev. and Mrs. Charles Wise and daughters, Mamie, Goldie and Bessie visited Mr. and Mrs. Orland Stillwell, Thursday and Friday.

Mr. and Mrs. G. E. Patton and the former's mother, Mrs. Patton, visited Mr. A. M. Braid and family, Sunday.

Mr. and Mrs. Earl Cliver and daughters Marie and Hazel, Mr. and Mrs. William Huston and daughters, Addie and Beatrice, Mr. and Mrs. Clay Crouch and daughters, Virginia and Lovell, Miss Elsie Cliver, Ruby Bebout and Mr. and Mrs. O. M. Mikessell visited Sunday with Mr. and Mrs. B. L. Bebout.

(Continued from Page 1.)

men, and other attendants of clubs, hotels, stores, apartment houses, office buildings and bath houses.

(c)—Persons including ushers and other attendants engaged and occupied in, and in connection with, games, sports and amusements, excepting actual performers in legitimate concerts, operas or theatrical performances.

(d)—Persons employed in domestic service.

(e)—Sales clerks and other clerks employed in stores and other mercantile establishments.

"Men who are engaged as above, or who are idlers will not be permitted to seek relief because of the fact that they have drawn a late order number or because they have been placed in Class II, III, or IV, on the grounds of dependency. The fact that he is not usefully employed will outweigh both of the above conditions."

"It is expected that the list of non-useful occupations will be extended from time to time as necessity will require so as to include persons in other employments."

"Temporary absences from regular employment not to exceed one week, unless such temporary absences are habitual and frequent, shall not be considered as idleness. Regular vacations will not be considered as absences in this connection."

"The regulation throws a further safeguard around men not usefully employed, by providing that where there are compelling domestic circumstances that would not permit chance of employment by the registrant without disproportionate hardship to his dependents, or where a change from non-useful to useful employment or occupation would necessitate a removal of the registrant or his family, local boards may give consideration to the circumstances. The regulation further provides that where such a change of employment would compel the night employment of women under circumstances which

a board might deem unsuitable for such employment of women, the board may take such cases into consideration in making its decision."

Explaining the new regulation and the necessity for it, General Crowder said:

"The war has so far disorganized the normal adjustment of industrial manpower as to prevent the enormous industrial output and national organization necessary to success."

"There is a popular demand for organization of man power but no direct draft could be imposed at present."

"Steps to prohibit idleness and non-effective occupation will be welcomed by our people."

"We shall give the idlers and men not effectively employed the choice between military service and effective employment. Every man, in the draft age, at least must work or fight."

"This is not alone a war of military maneuver. It is a deadly contest of industries and mechanics. Germany must not be thought of as merely possessing an army, we must think of her as being an army—an army in which every factory and loom in the empire is a recognized part in a complete machine running night and day at terrific speed. We must make ourselves the same sort of effective machine."

"It is enough to ask what would happen if every man in the nation turned his hand to effective work. We must make ourselves effective. We must organize for the future. We must make vast withdrawals for the army and immediately close up the ranks of industry behind the gap with an accelerating production of every useful thing in necessary measure. How is this to be done?"

"The answer is plain. The first step toward the solution of the difficulty is to prohibit engagement, by able-bodied men in the field of hurtful employment, idleness or ineffective employment, and thus induce and persuade the vast wasted excess into useful fields."

"The very situation we are now considering, however, offers great possibilities in improvement of the draft as well as great possibilities for the composition of the labor situation by effective administration of the draft. Considering the selective service law, we see two principal causes of deferment of the call to

military service—exemption and the order numbers assigned by lot. The exemptions themselves fall into two conspicuous categories—dependency and industrial employment. One protects domestic relations, the other the economic interests of the nation. Between the two there is an inevitable hiatus, for it is demonstrably true that thousands, if not millions, of dependency exceptions have no effect on industrial production whatever."

"One of the unanswerable criticisms of the draft has been that it takes men from the farms and from all useful employments and marches them past crowds of idlers and loafers away to the army. The remedy is simple—to couple the industrial basis with other grounds for exemption and to require that any man pleading exemption on any ground shall also show that he is contributing effectively to the industrial well face of the nation."

"The regulation itself makes plain the determination of the war department. The great organization of local and district boards which has already accepted a notable work may be relied upon to catch the spirit of the movement and sorely needed man power will soon be flowing into the fields of useful endeavor or into the other direction of military strength."

CAMP SHERMAN BATTERIES ON A LONG MARCH

(Continued from Page 1.)

in connection with the Chillicothe observance next week.

Y M C A officials announced today that they had secured a number of Civil war veterans from various parts of the state to participate in the program to be given at the aster of the day is set to be secured. Over-ures were made to Governor Cox to come here for the occasion but he addressed the committee in charge that he would be unable to come.

A military mass will be held in the morning of Memorial day under the auspices of Knights of Columbus here. It was stated today that Archbishop Henry Moeller of Cincinnati, will be the celebrant. The mass, the first of its kind to be held here, will probably take place on the drill field facing the main Knights of Columbus hall.

HUNDREDS PATIENTS, NURSES AND OTHERS SLAIN IN GERMAN RAID ON RED CROSS HOSPITALS

(Continued from Page 1.)

airplane which took part in the bombing of the hospitals said he did not see the Red Cross sign. He added, however, that if the British built their hospitals near the railway they must expect to get them bombed. Infantry operations on the western front continue at a minimum and neither side gives any indication that intensive fighting is about to be resumed immediately. The artillery fire is normal on the various sectors. In the air, however, the hostilities are at a high pitch, as they have been for the past week or more.

Between Arras and the Somme, where there has been no heavy fighting in six weeks, the British and Germans are carrying out raids, evidently for the purpose of gaining information as to their opponent's plans. North of Albert the Germans have been repulsed in an attempt to rush the British positions southeast of Mesnil. Further north Field Marshal Haig's men continue their raids and have penetrated the enemy lines near Hebuterne as well as other points southwest of Arras.

On the French front and on the American sectors, as on the British front, the lull is unbroken and even raiding has quieted down.

British airplanes are harassing seriously German airdromes and billets behind the lines in Flanders and Picardy. The Germans are seeking unavailingly to check the British and in aerial fighting Tuesday, 13 enemy machines, 16 of which were destroyed, were accounted for by the British. At night the enemy is raiding behind the British lines and two of his machines were brought down by gun fire Tuesday.

Far to the rear of the German lines, British bombing squadrons have visited eastern Belgium and the river Rhine. Three fires resulted from bombs dropped on a chloride factory at Mannheim and a large conflagration caused on railway property near Liege, Belgium. Bombs also were dropped on railway stations at Metz and Thionville.

Northwest of Toul American aviators are busily engaged but, although they took part in several aerial contests, no more enemy machines have been brought down.

Lively fighting continues in the mountains of northern Italy with the Italian and British troops on the offensive. Along the Piave the Italian firing has increased.

SEISMOGRAPH RECORD.

(Associated Press Telegram)

Cleveland, May 23.—Father Odenbach of St. Ignace college observatory said that his seismograph record shows a moderate earthquake disturbance this morning the main wave starting at 7:13 a. m. and continuing for more than an hour. Pending further examination of the record he could give no distance or location data.

MEMORIAL SERVICE G. A. R. AT ST. JOHNS EVANGELICAL CHURCH

The annual memorial service of the G. A. R. will be conducted next Sunday, May 26th at 10:30 a. m. at St. John's Evangelical church, Fifth and Poplar avenue. Rev. Emil N. Kraftt the pastor, will deliver the memorial address. In connection with this service the service flag of St. John's congregation will be unveiled; seventeen young men of the church are in the service of their country. A hearty invitation is extended to the public to be in attendance at this service.

TAKEN TO SCENE OF MURDER AND HANGED

(Associated Press Telegram)

Cordele, Ga., May 23.—James Cobb, the negro taken from the jail here by a mob shortly after midnight, was carried to the scene where he attacked and killed Mrs. Roy Simmons, seven miles east of Cordele, and hanged.

WILL SELL THE WAR CHEST HUTS

The bark war chest huts which are being used on the four corners of the courthouse park are offered for sale at \$35 each. Call Will Kuster, if you wish to purchase one.

CASE NEARING END.

(Associated Press Telegram)

Kansas City, Mo., May 23.—Argument of counsel in the case of Mrs. Rose Pastor Stokes, charged with violation of the espionage law, was resumed when court opened today. Indications were the case would be in the hands of the jury late this afternoon.

FIX COPPER PRICE.

(Associated Press Telegram)

Washington, May 23.—The price fixing committee of the war industries board probably will recommend to President Wilson that the present price of 23 1/2 cents a pound for copper be continued for the three months beginning June 1.

DENY THE RUMORS.

(Associated Press Telegram)

London, May 23.—Rumors of a recent attempt on the lives of Field Marshal von Hindenburg and General Ludendorff are denied in a Berlin dispatch to the Koelnische Volks Zeitung according to the Amsterdam correspondent of the Morning Post.

MANY JEWS WOUNDED.

(Associated Press Telegram)

Stockholm, May 23.—Pogroms have taken place at Vileiza, Galicia, and many Jews have been wounded seriously, according to a report received by the Jewish press bureau here. Shops were plundered and windows smashed the damage to the property exceeding 1,000,000 kroners. The local police made no effort to protect the Jews and military assistance was summoned from Cracow.

DIED IN WORKHOUSE.

(Associated Press Telegram)

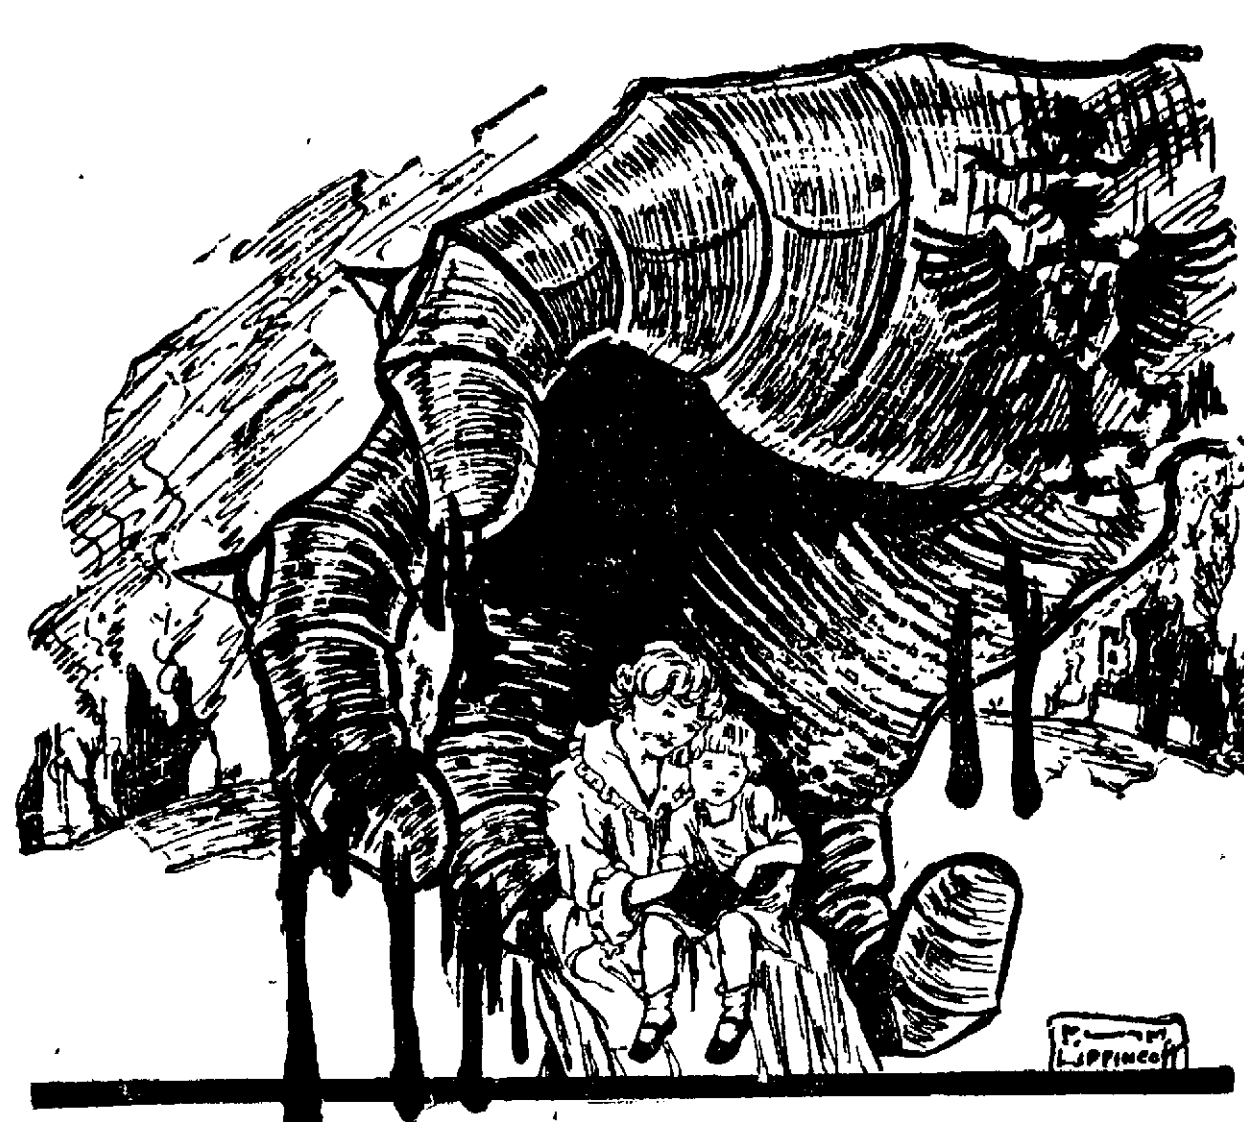

Dublin, May 23.—A sensation was caused in Dublin today by the death in the workhouse hospital known as the "South Dublin Union" of Mrs. Emily Richards, sister of the late Charles Stewart Parnell, the famous Irish patriot.

U. S. LABOR LEADER VISITS THE FRONT

Martin F. Ryan emerging from a tank.

This snapshot of Martin F. Ryan, president of the Brotherhood of Railway Carmen and member of the executive council of the American Federation of Labor, was made on the occasion of the visit of the American labor committee to an industrial plant in England recently. The committee of which Mr. Ryan is a member made a tour of all war industries plants in the British Isles and it is now inspecting the conditions on the allied front in France.

If The Huns Were Marching On Newark

How much of your money would you lend to our government to prevent your mother and father from being shot down like dogs?

What would it be worth to you to preserve the honor of your daughter?

How much bid to prevent that lovely infant from dangling on the point of a German bayonet?

You would knock down the man who dared suggest that you measure such things in terms of money.

Then how happy we ought to be to think that a little of our money, LOANED to our Government, will hasten the end of this awfulness.

Can you think of a cheaper price to pay than mere money?

If you haven't begun to save Thrift Stamps and War Savings Stamps, why haven't you?

What does your conscience have to say about the matter?

Talk War Savings Stamps--it is the gospel of humanity.
